

AZTEC OILS LTD

Azcut VC3 Tapping Fluid

Aztec VC3 is a premium quality extremely low viscosity oil designed primarily for tapping

VC3 combines premium quality mineral oil, an 'active' sulphurised ester additive and chlorinated EP additives to form a product that offers good penetration to the tool tip giving excellent cooling properties and extended tool life.

Aztec VC3 possesses powerful chemical activity at cutting zone temperatures which may promote staining of the work piece if used for machining yellow metals.

| | |
|------------------------------|-------|
| Viscosity @ 40 oC cST (IP71) | 3 cST |
| Flash point oC | 75 |
| Colour ASTM D1500 | 2.5 |
| Density. S.G@ 15.5oC | .89 |
