## Azcut Tapping & Cutting Paste

Azcut Tapping & Cutting paste is a quality high quality hand applied cutting compound. It offers high anti-weld and high load capabilities. It is a soft paste and contains high levels of fatty and extreme pressure additives for excellent tool life and improved surface finish.

Suitable for medium 7 high tensile steels. It should be applied directly to the tool cutting cage/tap and work piece by either dipping or brushing. It is recommended for the more severe operations on fine threads. It can be removed by paraffin or other solvents.

NLGI No	1
Appearance	Dark Grease
Texture	Paste
Worked Penetration	.310-340
Drop Point	80oC
